TITLE OF THE INVENTION

PAINT CONTAINING BLACK PIGMENT AND MOLDED PRODUCT PRODUCED
FROM THERMOPLASTIC RESIN CONTAINING BLACK PIGMENT

WHAT IS CLAIMED IS:

1. A paint or a molded product produced from a thermoplastic resin, which contain at least one black pigment represented by the general formula:

wherein Y is a phenyl group, a methyl group or a hydroxymethyl group.

2. A paint according to claim 1, comprising an alkyd resin, a polyurethane varnish or a baking varnish.

3. A molded product according to claim 1, wherein

said thermoplastic resin is polyvinyl chloride or polyethylene.
